PS: Clearly my opinion does not matter, but thought I'd expressed my interests. I'll check across the hall at some point today to see what their thoughts are (the ones that really matter).

Also, can you share with me the maps and list of areas? I want to give that to OPA and let them know which areas we may hear from our may have issues with.

Thanks!

-Andrea-

Wednesday for roll-out works for me.

My vote is Wednesday for roll-out at the earliest. The Administrator can sign tomorrow if she wants, but would like to be able to touch base with the public affairs directors in advance. John had comments on the roll-out plan. I'll incorporate those and share them with you. I'd like to give it to Janet in her folder tonight.

In the meantime, I'll share the statement with Enesta and Bo for their comment.

Here is the revised comm. plan with the new statement dropped in. I'm not sure what the timing is on this – tomorrow or wed I'm thinking but will try to confirm if I can.
